SMART SURFACES – Innovative products for the home

With SMART SURFACES wallpaper collection from A.S. Création, any room can be elegantly and stylishly decorated. Its non-woven wallpapers set individual accents and create a sophisticated ambience.

The collection is characterised by warm, sophisticated, broken tones. The warm colour tones and the texture of the wallpapers convey a feeling of comfort and cosiness.

The colour palette includes exquisite nuances that convey an elegant and high-quality impression.

This unique and individual look is created by grasses and leaves as well as structures made of fibres, grasses and jute.

Whether in the living room, bedroom or office – SMART SURFACES wallpaper collection adds a special touch to any room and creates a harmonious and inviting atmosphere.
