(valable pour 200 g/m² Intissé premium et 130 g/m² Intissé matt)

Paper and non-woven from sustainable forestry
Papier et intissé issus de forêts gérées durablement

Flame resistant
Difficilement inflammable

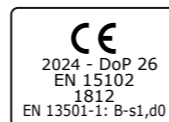

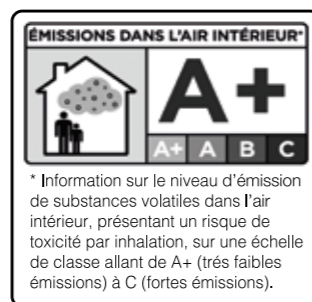

Hypoallergenic and odorless colour
Encre hypoallergénique et inodore

Made in Germany

**valid for 200 g/m² Non-woven premium and 130 g/m² Non-woven matt*

DIGITAL DREAM WALL DECORS NUMERIQUES

High-quality, digitally printed wall coverings or beautiful spaces
Des revêtements muraux de haute qualité, en impression numérique, pour créer de beaux espaces

Digital printing – Wallcoverings

Nothing determines the atmosphere of a room more than the wall. Digitally printed wall coverings are an expression of each individual's personality. Wall murals are therefore diversity and everyone can have an extraordinary wall!

All murals are available in individual sizes and on five different qualities. Our odorless prints are also suitable for sensitive environments.

The combination of the water-based latex inks we use and the tested non-woven wallpapers creates brilliant wall decors with outstanding image quality and an attractive, ecofriendly look.

In addition, the digital prints are flame-resistant, highly lightfast, wash-resistant and can be completely removed when dry.

Impression numérique – Revêtement mural

Rien ne détermine plus l'atmosphère d'une pièce que ses murs. Dans ce contexte, les revêtements muraux réalisés en impression numérique expriment la personnalité de chacun. La diversité de nos décors numériques vous permettra de créer votre univers personnel !

Toutes nos impressions numériques sont disponibles en dimensions sur mesure et peuvent être imprimées sur cinq supports différents selon votre choix. Nos impressions inodores conviennent également aux environnements sensibles.

La combinaison d'encre latex à base d'eau que nous utilisons et de papiers peints en encre inodore intissés testés permettent de créer des décors muraux brillants avec une qualité d'image exceptionnelle et un rendu attrayant et écologique.

En outre, les impressions numériques sont difficilement inflammables, résistent bien à la lumière et au lavage et peuvent être enlevées ultérieurement à sec sans laisser de traces.

Order process

1. Chose the desired motif:

Chose the desired motif in the collection.

2. Select material:

You can choose from five different qualities of material to ensure that your wall is in perfect harmony with the rest of the room. The look and feel are shown in the samples on the right page. To order, simply use the five-digit article number (e.g. TW580).

3. Determine the size:

Each wall painting has a standard format, although this varies depending on the motif. "Digital dream walls" also offers the option of reproducing the motif exactly to the size of your wall. When ordering, whether it's the standard format or a customized format, simply indicate the dimensions after the item number (width x height).

Tip: We recommend a one-off addition of approx. 5-10cm in width and height as offcuts for processing.

The correct procedure is explained below using an example. Our team will be happy to answer any questions you may have.

Processus de commande

1. Choisir le motif souhaité:

Choisissez votre motif dans la collection.

2. Choisissez votre support parmi les 5 proposés:

Pour que vous puissiez harmoniser de manière optimale l'impression et l'aménagement de la pièce, vous avez le choix entre cinq qualités de matériau. L'aspect et le toucher sont donnés par les échantillons sur la page de droite. Pour commander, il vous suffit d'utiliser le numéro d'article à 5 chiffres (p. ex. TW580).

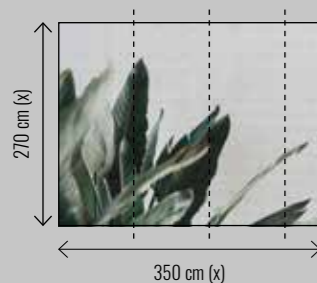

3. Choisissez la taille de votre décor (standard ou sur mesure):

Chaque décor est proposé avec des dimensions « standard », qui varient toutefois en fonction du motif. Nous vous proposons en option de choisir des dimensions sur mesure et donc la possibilité de reproduire le motif aux dimensions exactes de votre mur. Lors de la commande, qu'il s'agisse du format standard ou d'un format personnalisé, il suffit d'indiquer les dimensions après le numéro d'article (largeur x hauteur).

Conseil : nous recommandons d'ajouter 5 à 10 cm en largeur et en hauteur comme marge pour le traitement.

Veillez trouver ci-dessous un exemple afin de vous guider dans les modalités de commande. Pour toutes questions, nos équipes se tiennent à votre entière disposition.

Order example

You have chosen a customized design size and the material 200 g/m² Non-woven premium:

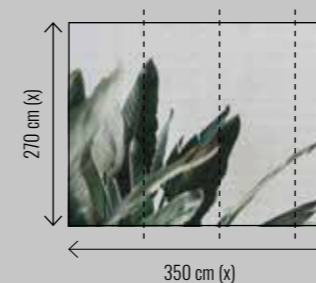

Design TW580 – Size W 350 x 270 cm

The print motif is scaled and adapted to the individual size (strip 4 is 50 cm wide). You receive a PDF with the customized layout and approve the data for production.

Urban Jungle 1

TW580 - 200 g/m² Non-woven premium
TW581 - 130 g/m² Non-woven matt
TW582 - Structure
TW583 - Fine Sand
TW584 - Fine Textile

Exemple de commande

Vous avez choisi la taille sur mesure du motif et le matériel 200 g/m² intissé premium :

Motif TW580 – Format L 350 x 270 cm

Le motif imprimé est mis à l'échelle et adapté à la taille individuelle (4ème lé de 50cm de large). Vous recevrez un PDF avec la mise en page individuelle et devrez valider les données pour la production.
