Mata Hari - Charm and elegance of Art Nouveau

The “Mata Hari” collection from A.S. Création combines opulent patterns and metallic accents with pastel colours and textile design.

Ornaments and feathers, bead designs and damasque structures convey a burlesque look that enriches the home ambience and creates a luxurious atmosphere.

The designs are rounded off by two plain series reminiscent of silk fabric and fine lace with diamond dust.

Delicate pastel wallpapers with a silky sheen and floral patterns in taupe, champagne, pink, mint green and soft blue create a harmonious mood and convey the natural beauty of Art Nouveau.

Gloss effects and metallic colours make the wallpapers shine finely and complete the opulent wall décor.
